The main objective of the University is to provide technical education of global standards and hence, all the programs are designed to meet the requirements of industry as well as international standards. The prime objective of the Technical University is to disseminate advance knowledge, wisdom and understanding in the fields of education, research and training in STEM subjects (Science, Technology, Engineering and Mathematics),

Pharmacy, Management Sciences and Computer Sciences and, imbibe all those qualities which are essential to make our students contribute effectively to create knowledge-based society with scientific temper. The faculty members are continuously engaged in the maintenance and enhancement of student centric learning environment through innovative pedagogies and form the backbone of the University.

All the programs offered by University follow the Choice Based Credit System (CBCS) with Outcome Based Approach. The flexibility in the curriculum has been designed with industry-specific goals in mind and the educator enjoys complete freedom to appropriate the syllabus by incorporating the latest knowledge and stimulating the creative minds of the students. We believe sincerely that it will meet the aspirations of all stakeholders—students, parents, society, and employers etc.

Himachal Pradesh Technical University has entered into collaboration with many prominent industries to bridge the gap between industry and academia; regular visits to industries and mandatory internship, research projects and field visits. Structured training programs on soft-skills and preparatory training for competitive exams are offered here to make students more employable. On the other hand, the University is also encouraging its students to become the entrepreneurs and start their own ventures. I strongly believe that H.P. Technical University is marching ahead in the right direction, providing a holistic education to the future generation and playing a positive role in nation building. A brief description of different events which took place during the year are reported in our Annual Report 2021-22. Efforts of the editorial team under the chairmanship of Prof. Jai Dev, in bringing out this edition of the Annual Report of HPTU are praiseworthy.
